

A trip to the theater for young people

Youth from the Special School and Educational Center in Pulawy actively participated in various activities as part of our Project. Students and their teachers were involved in the organization of the Festivities at the Pulawy Marina, participated in educational activities and workshops on violence prevention, and took part in a conference and social debate.

At the end of our cooperation, we offered young people an additional form of support, A trip to the theater to see the play "Oscar and Mrs. Rose" at the Kamienica Theater in Warsaw turned out to be a moving experience, full of emotion and reflection, but also joy.

We hope that the positive impressions and knowledge gained from the Project will stay with the young people for a long time, paving the way to a life without violence, which we wholeheartedly wish.

Thank you again for the exceptional time of constructive cooperation. It was a beautiful experience, and the satisfaction of the participants is our greatest reward. 😊
