

A report on the conference within the framework of the Campaign "More POWER - STOP violence" aired by LPU24.

One of the activities of the "Strength is in us" Project was a conference with the participation of representatives of institutions, entities, organizations working for the elderly and people with disabilities in our city. The event was covered by local media.

Below is a link to the report on Radio iMpuls, where you can listen to the statements of the organizers of the Conference and the expert - Ms. Maja Kuśmierz.
